American Association of Colleges of Pharmacy Preceptor Survey

2017 National Summary Report

September 2017

About the AACP Curriculum Quality Surveys

Graduating Student, Alumni, Preceptor, and Faculty surveys were first released in 2007 based on Standards 2007 with the purpose of helping member colleges and schools gather data for both continuous improvement and accreditation purposes. With the release of the Accreditation Council for Pharmacy Education (ACPE) Standards 2016, these curriculum quality perception surveys were revised by the AACP Institutional Research and Assessment Committee (IRAC), AACP staff, and ACPE staff in spring 2015 to reflect the changes in Standards 2016. The 2017 results reflect the second administration of these revised surveys

2017 Administration

The Preceptor Survey was made available for online access in the AACP Survey System on May 1, 2017. As of September 2017, 77 out of 140 (55.0%) colleges and schools of pharmacy administered the survey to their preceptors. A total of 34,541 preceptors were invited to complete the survey. Seven thousand one hundred thirty-seven (7,137) preceptors submitted the survey for a total response rate over twenty percent (20.7%). Response rates per school ranged from 4 percent to 60 percent. For more information regarding this summary report or the administration of the survey, please contact Jamie Taylor, associate director of institutional research and effectiveness (jtaylor@aacp.org).

2017 Highlights

Preceptor Workload and Resources

The majority (75.1%) of preceptors reported precepting one to five students during the past academic year for the college/school of pharmacy for which they were completing the survey. Over ten percent (10.2%) of preceptors reported precepting over ten students for the college/school of pharmacy. The majority (60.5%) of preceptors completing the survey precepted for two or more institutions. Over 96 percent (96.4%) of preceptors strongly agreed or agreed that the student-to-preceptor ratios at their sites were appropriate to maximize learning. Ninety-five percent (95.0%) of preceptors strongly agreed or agreed that the facilities and resources at the practice site are adequate in order to precept students and over 87 percent (87.4%) of preceptors strongly agreed or agreed that they receive needed support from the Office of Experiential Education at the college/school.

Performance Evaluations and Communication

In 2017 nearly 98 percent (97.9%) of preceptors strongly agreed or agreed that they knew the process for documenting and addressing *student performance* for their college/school of pharmacy and over 82 percent (82.4%) strongly agreed or agreed that the criteria for evaluating their own performance as a preceptor was clear.

Over 18 percent (18.3%) of preceptors completing the survey disagreed or strongly disagreed that they received the results from student evaluations of their rotation. Despite some of this disagreement, nearly 93 percent (92.7%) of preceptors strongly agreed or agreed that they are aware of the mechanism to provide feedback to the college/school.

2017 Preceptor Survey National Summary Report

Total number of schools: 77 (27 public, 50 private)

Total number of responses: 7,137

Response Rate: 20.7%

Section I: Demographic Questions

1. Sex:

2. Number of years as a licensed pharmacist:

3. My practice setting is best described as:

	Response Percent	Response Total
Acute care	28.9%	2066
Ambulatory care	11.8%	839
Academia	3.8%	271
Community pharmacy	33.8%	2411
General medicine	3.2%	225
Industry	1.3%	93
Managed Care	2.0%	144
Other; please specify:	15.2%	1088

4. I precept students in:

	Response Percent	Response Total
Introductory pharmacy practice experiences (Introductory practice experiences occur prior to the final professional year of the curriculum and can include activities such as shadowing, interviewing patients, and service learning).	11.5%	819
Advanced pharmacy practice experiences. (Advanced practice experiences should involve direct patient care and most commonly form the core of the final professional year of the curriculum)	38.4%	2740
Both introductory and advanced pharmacy practice experiences	50.1%	3578

5. Degree/Postgraduate Training (check all that apply):

	Response Percent	Response Total
B.S. Pharm	N/A	2459
Pharm.D.	N/A	5112
Master's; please specify:	N/A	705
Other professional Doctorate (JD, M.D., D.D.S.)	N/A	50
Ph.D.	N/A	131
Residency	N/A	1900
Fellowship	N/A	187
Other; please specify:	N/A	488

6. Number of years serving as a preceptor for this college/school:

	Response Percent	Response Total
Less than 1	10.4%	740
1 to 3	32.5%	2316
4 to 6	23.0%	1644
7 to 10	13.5%	967
More than 10	20.6%	1470

7. Number of students directly precepted for this college/school over this past academic year.

	Response Percent	Response Total
Less than 3	45.9%	3273
3 to 5	29.3%	2088
6 to 10	14.6%	1045
More than 10	10.2%	731

8. I precept students from _____ college/school(s).

	Response Percent	Response Total
1	39.5%	2820
2	28.3%	2020
3	16.3%	1160
More than 3	15.9%	1137

Section II: Communication

Please indicate the degree to which you agree or disagree with each statement.
